BC RUGBY INDIVIDUAL MEMBERSHIP DUES, 2022/23 YEAR: ADDITIONAL INFORMATION

August 1, 2022 to August 31, 2023

INSURANCE

- For definitions and age limits on Membership categories, please visit Rugby Canada
- For all annual Memberships, Rugby Canada coverage commences on August 1, 2022, or the date of members' registration, whichever is the later date. That is, you must be registered to have insurance coverage for your participation in any Rugby activities. If you're not registered, you're not insured.
- 12-week Membership has insurance coverage for the 12-weeks of program delivery as determined by the Member Organization. 12-week Memberships and Programs will be managed on the Sportlomo Events Platform. Administrators must be sure to enter the 'start date' and 'end date' of the program to ensure proper insurance coverage for their Members.
- Only those registered as Board Member will be covered under the Member Organization's Directors & Officers Insurance, and this Insurance is only valid if the Member Organization is a registered entity in the Province in British Columbia. Masters Player category is only valid for training and matches adhering to Law Variations for Masters Rugby.
- Players participating in an older Age-Grade must upgrade their registration to the higher (older) Membership type. That is, if a U14 player is participating in a U16 competition, they must hold the Membership for the U16 competition that they are participating in.
- Members who participate in multiple roles must be registered in all relevant Membership types to have insurance coverage for each of those activities. Only the highest Rugby Canada due will be charged.

OTHER CHARGES

- Processing Fees are \$2.00 per registration + 3.25% applied to total dues, incl. any Club dues added, and charged at checkout.

REFUNDS

- The Registration system will only automate refunds made within two-weeks of an individual's registration date, in accordance with Rugby Canada's Refund Policy and BC Rugby's Refund Policy.

ON REQUEST

- A social membership category is available in the registration system for Member Organizations to use. This category has no insurance coverage, nor does it have any direct affiliation with Rugby Canada or BC Rugby.

BC RUGBY SERVICE FEES, 2022/23 YEAR: ADDITIONAL INFORMATION

Current August 31, 2023

OFFICIATING FEES

Fees for Officiating are a separate charge and will be invoiced with Service Fees by BC Rugby. Please see the BCRRS agreement details below:

BCRRS charge BC Rugby the following rates based on confirmed appointments for regular season and exhibition Matches:

- i. \$200.00 for Senior Matches with three Match Officials
- ii. \$150.00 for Senior Matches with two Match Officials
- iii. \$100.00 for Senior Matches with one Match Official
- iv. \$160.00 for Age-Grade Matches with three Match Officials
- v. \$120.00 for Age-Grade Matches with two Match Officials
- vi. \$80.00 for Age-Grade Matches with one Match Official

Clubs are responsible for paying officiating fees for each home game. BC Rugby will invoice Clubs the expected officiating fees they will incur during the season. Premier League games will be charged at the three-match Official rate, all other divisions will be charged at the two-match Official rate. At the end of the season, BC Rugby will calculate the difference between actual vs. expected appointments and will apply the difference in credit to the following season's Service Fees.

ADDITIONAL INFORMATION

- Member Organizations are annually charged Directors & Officers Insurance. This is invoiced separately. For 2022/23, the charge has increased to \$180. If all the Club's Directors are currently registered under a charged individual category or if the Club can provide proof of alternative D&O insurance acquired, this fee is waived upon request.
- Due to the ongoing COVID pandemic, BC Rugby prices represent maximum amounts that would be charged. If PHO restrictions impede resumption of leagues, prices will be reduced accordingly.
- Age-Grade League prices listed assume 15-a-side teams. When a League consists of both 7s/10s and 15s, Clubs would only be charged based on the number of 15s teams competing.
